

With over 30 years of experience in U.S. Food and Dairy market, Osgood Industries continues to strive to provide the World with the highest quality machine designs.

High output, versatility, and ruggedness are all hallmarks of Osgood's full line of ice cream and novelty filling systems. Whether you are filling cones, sundae cups, bulk containers or frozen desserts, Osgood Ice Cream and Novelty fillers will out produce and out last any other product filler in its class.
